TENANT FUN

6th Annual Paper Airplane Contest

July 16 - The YARD - 11am-12pm

- Sign up using the QR code above
- All materials will be provided. Paper airplanes must be made onsite during the contest. No outside supplies will be allowed.
- Awards will be given for the following categories: **Longest Distance, Longest Flight Time, and Best of Show.**
- We hope you will stay and support your fellow competitors, however you do not have to stay through the whole event to win the prize. Winners will be announced shortly after the event is over.

WATER CONSERVATION

Canyon Park is committed to conserving and improving our environment. Part of that is storm water drainage system. Storm water is not filtered or cleaned before it is released to Utah Lake, the Provo River, or to the groundwater, so it can be a pollutant if it is not kept clean.

Our team strives to prevent pollution by sweeping our parking lots and making sure all liquid chemicals are properly stored and disposed of. We regulate our dumpsters and recycling bin to ensure all waste is properly disposed and maintain our storm water system in park.

What can you do?

- Report all spills to management.
- Keep your car properly maintained by repairing all oil, gas, and radiator leaks.
- Properly dispose oil, paint, and other chemical liquids.

IMPORTANT DATES

July 4th: CP Management Office CLOSED
July 24th: Pioneer Day- Office OPEN
